

# MAKE YOUR IMPACT FELT — ONE PLATE AT A TIME.

Dear Community Partner,

Recently, your business should have received a postcard introducing Plating a Promise, a new opportunity to make a meaningful impact right here in

Pickens County. I wanted to follow up personally to share just how powerful this simple act of giving can be.

Through Plating a Promise, your organization can sponsor a full day of meal delivery—providing over 400 meals to homebound seniors who rely on us not only for nutrition, but for connection, safety, and care.

What makes this opportunity especially meaningful is that it goes beyond a financial gift. It invites your team to be part of the experience—stepping into the community, delivering meals, and seeing firsthand the difference you're making.

In just one day, your business can strengthen its team while helping ensure that our neighbors are seen, supported, and not forgotten.

We would love to partner with you to make this happen.

With gratitude,

*Kim Valentin*
